de l'Inde en ce temps-là.
L'Inde fut le premier pays
où l'on vit l'usage du papier.
C'est de là qu'il est venu
en Europe par le moyen
des Arabes & des Portugais.
Il y a deux siècles qu'il est
en usage en France.

en l'an 1475. Le premier
papier imprimé en France
fut celui de la ville de
Paris. On ne trouve
rien, car l'usage n'est
pas encore venu.

J. H. Bennett

Large white heron
nest. Many eggs.
Some are very fresh.
Some are very old.
Some are very small.
Some are very large.

The first of these is the
 fact that the number of
 birds in the nest is not
 always the same. It may
 be one, two, three, or four.
 This is due to the fact that
 the birds are not always
 successful in their attempts
 to hatch the eggs.

The second of these is the
 fact that the birds are not
 always successful in their
 attempts to hatch the eggs.
 This is due to the fact that
 the birds are not always
 successful in their attempts
 to hatch the eggs.

The third of these is the
 fact that the birds are not
 always successful in their
 attempts to hatch the eggs.
 This is due to the fact that
 the birds are not always
 successful in their attempts
 to hatch the eggs.
